

Solutions for your design

Faxiom Electronix Inc.'s mission is to supply our clients and partners with quality services and support for electronics or high-tech innovation, engineering and development. This makes it possible for our clients to increase their productivity, their competitiveness and the quality of their products and services.

	Components	Additional Information
Filtran www.filtran.com	Power, pulse or signal transformers Power supplies Chokes and inductors Filter networks DC to 100Mhz RJ45 integrated LAN magnetic	Highly qualified engineering team for your support Standard or custom-made products ISO 9000-2000 Certified cUL, CSA Short or high volumes
Leviton www.leviton.com	Voice and data connectivity, any standard Catalogue or custom surge protectors Industrial and commercial supplies	RoHS since 2006 ISO 9000-2000 certified CSA, UL et NEMA, hospital grade IEC, CE
OMNETICS Connectors Corporation www.omnetics.com	Plastic or metal connectors Bi-lobe™ connectors Mil-DTL-32139 Strip or circular Microminiature .050in. or .025 in, Precision over molding or panel mount metal shells Cross-over & test-point connectors	Test bridges Mil-spec components Very high density needs and harsh environment Connectors adapted to you needs Short or high volumes
Selectron Inc http://www.select-test.com	Test or production equipment Second-hand equipment for microelectronics and tele-comm
